

Situation Update

KEY HIGHLIGHTS

- ❖ **Eight (8) new COVID-19 confirmed cases** have been reported in the last 24 hours bringing the cumulative total of **COVID-19 confirmed cases** in Uganda to **1,203**. **Five (5) COVID-19 related deaths** have been reported to date (**CFR: 0.4%**).
- ❖ **Twelve (12) non-Ugandan truck drivers** tested positive for COVID-19 and were not allowed entry into the country.
- ❖ A total of **132 confirmed cases (117 Ugandans; 14 non-Ugandans; 1 refugee)** are currently admitted across **15 health facilities** and a cumulative total of **1,232 patients (1,073 Ugandans; 159 non-Ugandans)** have recovered and been discharged. The new confirmed cases are in process of being evacuated to an isolation unit.
- ❖ Sixty percent (725/1,203) are **imported cases** and 40% are **locally transmitted** (478/1,203).
- ❖ A total of **1,765 laboratory samples** were tested today bringing it to a cumulative total of **282,512 samples** tested.
- ❖ A cumulative total of **15,136 contacts (724 still under follow up)** have been listed to date, **14,412 (95%)** of whom have completed the mandatory 14-day follow up period and been discharged from daily follow up.

Summary of COVID-19 outbreak in Uganda

Summary statistics as of 03 August 2020 at 22:00 hrs	
Individuals under institutional quarantine today	1,829
Suspected cases	00
Probable cases	00
Total Confirmed Cases	1,203
Cumulative deaths (suspected, probable or confirmed)	05
Health facilities	05
Community	00
Confirmed cases on admission	132
Ugandans	117
Non-Ugandans and refugees	15
Cumulative number of discharged cases	1,232
Ugandans	1,073
Non-Ugandans	159
Runaways from isolation	02
Cumulative contacts listed	15,136
Contacts that have completed 14 days	14,412
Contacts still under follow up	724
Contacts followed up today	713 (98%)
Contacts lost to follow up	00
Specimens collected and sent to the lab today	1,765
PoE	1,559
Contacts and alerts	206
Health workers	00
Cumulative specimens collected	282,512
Number of cases with positive results today	08
Ground crossing POE	04
Contacts and alerts	03
Returnees via EIA	01
Specimens with pending results	00

2. Public Health Actions

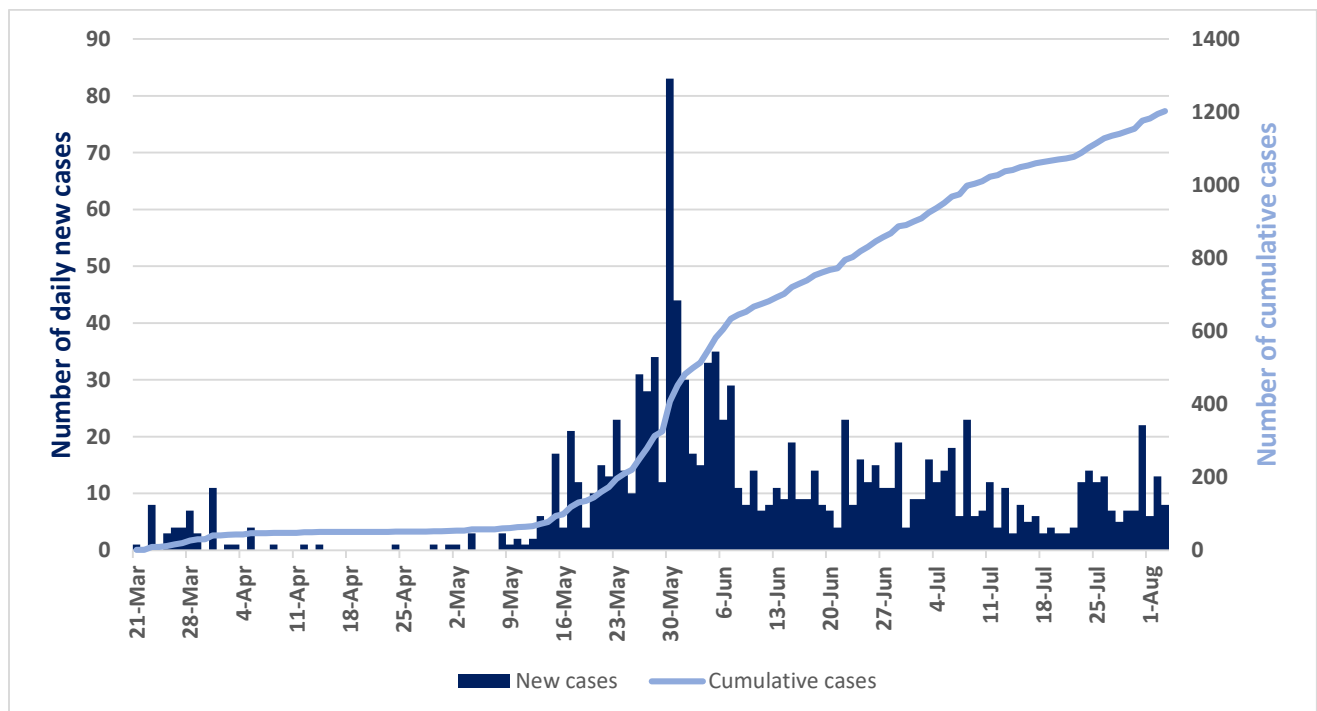

COORDINATION

- The IMT meeting chaired by the Incident Commander continues to meet twice daily.

SURVEILLANCE

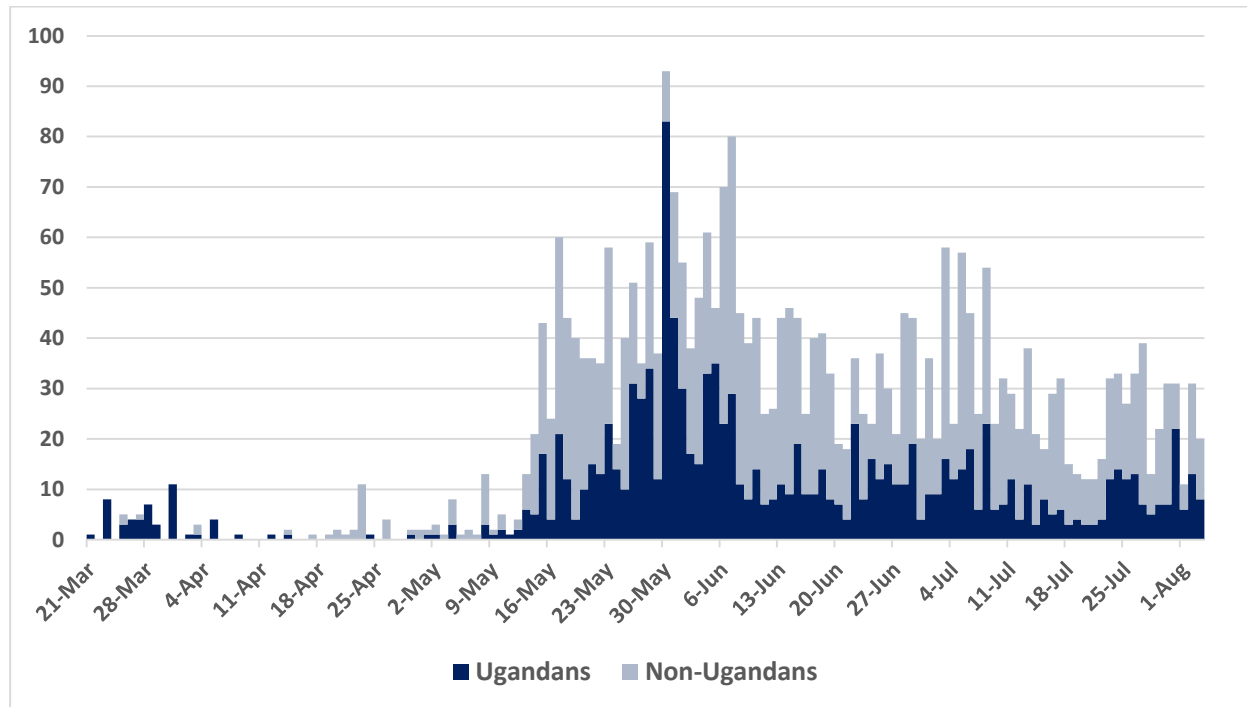

- The new confirmed cases include 4 truck drivers from Malaba (2), Busia (1) and Mirama (1) borders; 1 returnee (UPDF soldier) who arrived from Somalia via Entebbe International Airport and 3 community cases from Kyotera (1), Gulu (1) and Namisindwa (1) districts.

Epidemic curve of confirmed Ugandans (n=1,203)

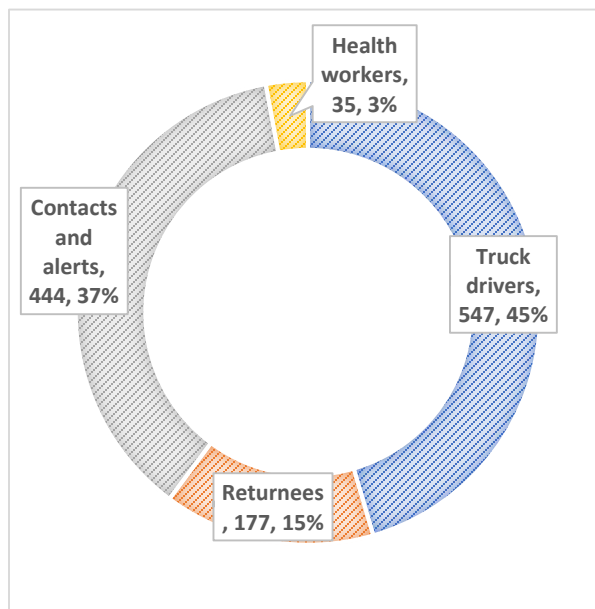

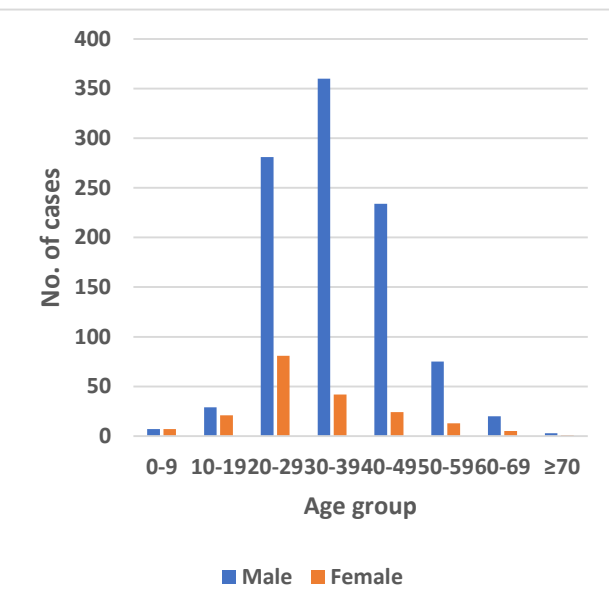

Epidemic curve of Ugandan and non-Ugandan confirmed cases (n=3,060)

Distribution of Ugandan cases

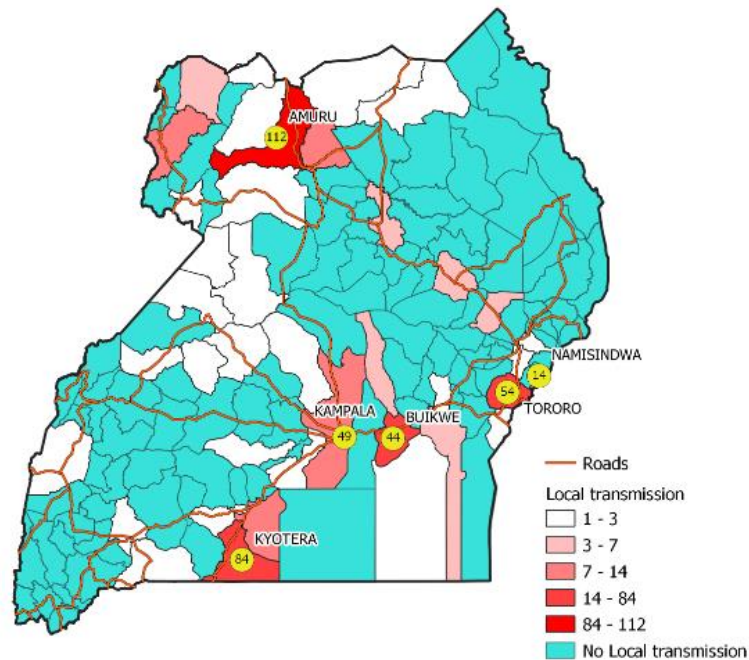

Age and sex distribution of Ugandan cases

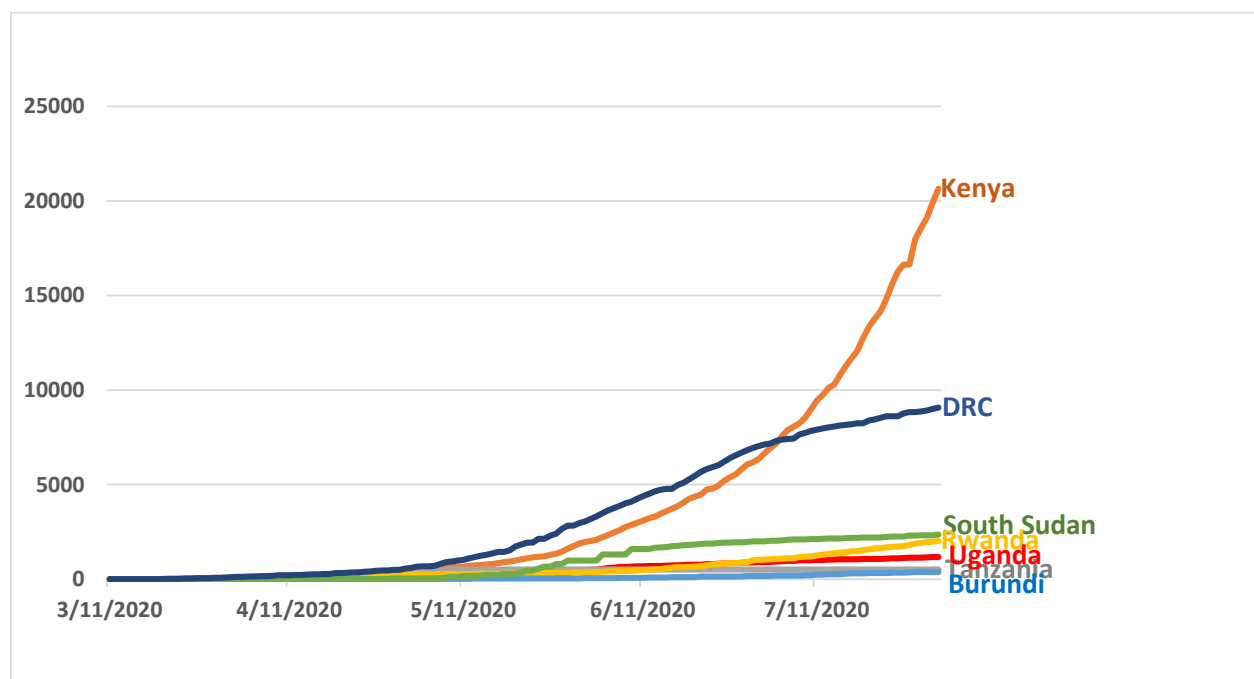

Distribution of locally transmitted cases by district of sample collection (n=478)

Comparative analysis of progression of COVID-19 pandemic in East Africa

- The surveillance pillar continues to conduct **manage alerts**; the table below presents a summary on this:

Variable	Indicator	Output
Alerts management	Incoming calls	259
	Signals not investigated at the end of previous day	25
	New signals received	212
	Total signals	237
	Signals validated for follow-up (Alerts)	134
	Alerts investigated with collection of lab sample	120

CASE MANAGEMENT

- There are 123 confirmed cases that are currently admitted across districts in the country and all are in stable condition.

Isolation unit	No. of confirmed cases on admission	Discharges	Bed capacity
Entebbe Hospital	25	168	125
Masaka RRH	00	75	41
Gulu RRH	19	162	74
Lira RRH	03	60	20
Arua RRH	03	67	34
Mbale RRH	30	98	50
Jinja RRH	03	77	28
Naguru RRH	02	18	12
Mulago NRH	13	363	260

Isolation unit	No. of confirmed cases on admission	Discharges	Bed capacity
Mbarara RRH	08	21	30
Hoima RRH	01	21	16
Mubende RRH	00	22	25
Fort Portal RRH	00	05	26
Adjumani Hospital	00	01	02
Soroti RRH	04	24	45
Kabale RRH	10	32	30
Moroto RRH	00	02	30
Bombo Military Hospital	02	16	-

RISK COMMUNICATION AND SOCIAL MOBILIZATION

- The team continues to release daily press briefs to update the general public on the COVID-19 outbreak.

LOGISTICS

- National funding requirements per pillar of the COVID-19 response:

Pillar	Requirement (1 month)	Requirement (3 months)	Requirement (6 months)
Case Management PPE	1,490,549,928	28,607,968,971	59,798,569,862
Case Management Treatment	28,113,278	539,573,378	1,127,856,263
Case Management Oxygen requirements	90,455,850,560	97,373,543,080	100,832,389,340
IPC	28,971,549,979	75,573,605,784	145,476,689,491
Surveillance including POEs	5,432,456,182	10,245,916,058	17,466,105,871
Laboratory**	54,277,882,616	162,833,647,847	325,667,295,693
TOTAL (UGX)	180,656,402,542	375,174,255,117	650,368,906,520

ICT AND INNOVATIONS

- The Uganda COVID-19 dashboard can be accessed at <https://covid19.gou.go.ug/>

3. Challenges

- Community members have become complacent on reporting alerts.
- Stock out of IPC supplies; Gowns, N95 Face Masks and sanitizers.

4. Conclusion

The Ministry of Health in collaboration with other government ministries, agencies and departments and districts continues to strengthen the COVID-19 outbreak response mechanisms.
