

# **COVID-19 SITUATION REPORT**

#### **Situation Update**

### **KEY HIGHLIGHTS**

- Ten (10) new COVID-19 confirmed cases have been reported in the last 24 hours bringing the cumulative total of COVID-19 confirmed cases in Uganda to 1,223. Five (5) COVID-19 related deaths have been reported to date (CFR: 0.4%).
- Eleven (11) non-Ugandan truck drivers tested positive for COVID-19 and were not allowed entry into the country.
- A total of 116 confirmed cases (106 Ugandans; 9 non-Ugandans; 1 refugee) are currently admitted across 15 health facilities and a cumulative total of 1,264 patients (1,102 Ugandans; 162 non-Ugandans) have recovered and been discharged. The new confirmed cases are in process of being evacuated to an isolation unit.
- Sixty percent (732/1,223) are imported cases and 40% are locally transmitted (491/1,223).
- A total of 3,577 laboratory samples were tested today bringing it to a cumulative total of 288,367 samples tested.
- A cumulative total of 15,342 contacts (798 still under follow up) have been listed to date, 14,544 (95%) of whom have completed the mandatory 14-day follow up period and been discharged from daily follow up.

# COVID-19 Sitrep #169

# Summary of COVID-19 outbreak in Uganda

| Summary statistics as of 05 August 2020 at 22:00 hrs |            |  |
|--|------------|--|
| Individuals under institutional quarantine today     | 1,939      |  |
| Suspected cases                                      | 00         |  |
| Probable cases                                       | 00         |  |
| Total Confirmed Cases                                | 1,223      |  |
| Cumulative deaths (suspected, probable or confirmed) | 05         |  |
| Health facilities                                    | 05         |  |
| Community  | 00         |  |
| Confirmed cases on admission                         | 116        |  |
| Ugandans   | 106        |  |
| Non-Ugandans and refugees                            | 10         |  |
| Cumulative number of discharged cases                | 1,264      |  |
| Ugandans   | 1,102      |  |
| Non-Ugandans   | 162        |  |
| Runaways from isolation                              | 02         |  |
| Cumulative contacts listed                           | 15,342     |  |
| Contacts that have <b>completed 14 days</b>          | 14,544     |  |
| Contacts still under follow up                       | 798        |  |
| Contacts followed up today                           | 798 (100%) |  |
| Contacts lost to follow up                           | 00         |  |
| Specimens collected and sent to the lab today        | 3,577      |  |
| PoE  | 2,078      |  |
| Contacts and alerts                                  | 1,487      |  |
| Health workers                                       | 12         |  |
| Cumulative specimens collected                       | 288,367    |  |
| Number of cases with positive results today          | 10         |  |
| Ground crossing POE                                  | 03         |  |
| Contacts and alerts                                  | 07         |  |
| Returnees via EIA                                    | 00         |  |
| Specimens with pending results                       | 00         |  |

#### COVID-19 Sitrep #169

#### **COORDINATION**

• The IMT meeting chaired by the Incident Commander continues to meet twice daily.

# EPIDEMIOLOGY AND SURVEILLANCE

• The new confirmed cases include 3 truck drivers from Malaba (2) and Elegu (1) borders and 6 contacts from Namisindwa (1) and Wakiso (1) districts.

#### Epidemic curve of confirmed Ugandans (n=1,223)

Epidemic curve of Ugandan and non-Ugandan confirmed cases (n=3,107)

#### Distribution of Ugandan cases

# Distribution of locally transmitted cases by district of sample collection (n=491)

Comparative analysis of progression of COVID-19 pandemic in East Africa

• The surveillance pillar continues to conduct **manage alerts**; the table below presents a summary on this:

| Variable          | Indicator   | Output |
|-------------------|---|--------|
| Alerts management | Incoming calls                                      | 376    |
|                   | Signals not investigated at the end of previous day | 19     |
|                   | New signals received                                | 353    |
|                   | Total signals                                       | 372    |
|                   | Signals validated for follow-up (Alerts)            | 273    |
|                   | Alerts investigated with collection of lab sample   | 262    |

• A central team has been deployed to Mbale sub-region to set up a regional response mechanism.

# CASE MANAGEMENT

• There are 116 confirmed cases that are currently admitted across districts in the country and all are in stable condition.

| Isolation unit   | No. of confirmed cases on admission | Discharges | Bed capacity |
|------------------|-------------------------------------|------------|--------------|
| Entebbe Hospital | 20                                  | 176        | 125          |
| Masaka RRH       | 00                                  | 75         | 41           |
| Gulu RRH         | 13                                  | 167        | 74           |
| Lira RRH         | 05                                  | 60         | 20           |
| Arua RRH         | 02                                  | 69         | 34           |
| Mbale RRH        | 32                                  | 98         | 50           |
| Jinja RRH        | 03                                  | 77         | 28           |
| Naguru RRH       | 04                                  | 18         | 12           |
| Mulago NRH       | 13                                  | 367        | 260          |

| Isolation unit          | No. of confirmed cases on admission | Discharges | Bed capacity |
|-------------------------|-------------------------------------|------------|--------------|
| Mbarara RRH             | 09                                  | 29         | 30           |
| Hoima RRH               | 01                                  | 21         | 16           |
| Mubende RRH             | 00                                  | 22         | 25           |
| Fort Portal RRH         | 00                                  | 05         | 26           |
| Adjumani Hospital       | 00                                  | 01         | 02           |
| Soroti RRH              | 04                                  | 24         | 45           |
| Kabale RRH              | 08                                  | 34         | 30           |
| Moroto RRH              | 00                                  | 02         | 30           |
| Bombo Military Hospital | 04                                  | 16         | -            |

#### RISK COMMUNICATION AND SOCIAL MOBILIZATION

- The team is advocating for a production budget (voices, animation, motion graphics, comedians, translations, among others) and media airtime space for a national campaign for 6 months.
- Intensified stakeholders' involvement in Risk Communication & full participation of other MDAs.
- Strategic use of Social Media to Influence Media Discussions
- The team continues to release daily press briefs to update the general public on the COVID-19 outbreak.

#### LOGISTICS

• National funding requirements per pillar of the COVID-19 response:

| Pillar                              | Requirement<br>(1 month) | Requirement<br>(3 months) | Requirement<br>(6 months) |
|-------------------------------------|--------------------------|---------------------------|---------------------------|
| Case Management PPE                 | 1,490,549,928            | 28,607,968,971            | 59,798,569,862            |
| Case Management Treatment           | 28,113,278               | 539,573,378               | 1,127,856,263             |
| Case Management Oxygen requirements | 90,455,850,560           | 97,373,543,080            | 100,832,389,340           |
| IPC                                 | 28,971,549,979           | 75,573,605,784            | 145,476,689,491           |
| Surveillance including POEs         | 5,432,456,182            | 10,245,916,058            | 17,466,105,871            |
| Laboratory**                        | 54,277,882,616           | 162,833,647,847           | 325,667,295,693           |
|                                     |                          |                           |                           |
| TOTAL (UGX)                         | 180,656,402,542          | 375,174,255,117           | 650,368,906,520           |

#### COVID-19 Sitrep #169

### ICT AND INNOVATIONS

• The Uganda COVID-19 dashboard can be accessed at https://covid19.gou.go.ug/

#### 3. Challenges

- Community members have become complacent on reporting alerts.
- Stock out of IPC supplies; Gowns, N95 Face Masks and sanitizers.

#### 4. Conclusion

The Ministry of Health in collaboration with other government ministries, agencies and departments and districts continues to strengthen the COVID-19 outbreak response mechanisms.
